

DATASHEET.

PRINTREX 980

PRINTREX 980

by TRANSACT

Boasting a blazing plot speed of 8 inches per second, the **Printrex 980** is the fastest full color printer/plotter available for plotting continuous logs.

WELL-LOGGING COLOR. MIND-BOGGLING SPEED.

- Fastest color printer in the industry, with unparalleled reliability
- Continuous form, the printer has no limitation on plot length
- Print quality enhancement features include Depth Line Accuracy, Stitching Stream Technology, and Automatic Image Shifter
- Low total cost of ownership

FIELD PROVEN TECHNOLOGY

The 980 is based on generations of successful products using massively parallel bubble jet technology.

QUICK, EASY CHANGE OF INK TANKS

Four separate ink tanks — cyan, yellow, magenta, and black — permit the easy exchange of each individual color. The large capacity tanks (240 ml each) contain an ink low indicator which advises the operator to replace the appropriate tank to avoid running out of ink during a plot.

PRINT QUALITY ENHANCEMENT FEATURES

DLA – Depth Line Accuracy – The 980 automatically measures time between forms marks and adjusts the plot length to ensure accuracy of scale.

SST – Stitching Stream Technology – If the printer is temporarily starved of data, it will pause but then resume when data is received without any gaps in the plot.

AIS – Automatic Image Shifter – Shifts the image position on the paper to avoid always using the same nozzles for the vertical lines and thereby extending print head life.

AUTOMATIC HEAD CLEANING CYCLE

The 980 periodically cleans the print nozzles to ensure continuous high quality log prints.

UNLIMITED PLOT LENGTH

The printer has no limitation on plot length.

PERFORMANCE

Print speed - 8 inches (200 mm) per second maximum

Print head resolution
1,200 dots per inch horizontal
600 dots per inch vertical

Print width - 8.5 inches (216 mm)

Plot length - Unlimited

INK

Water-based dye:
Black, cyan, magenta, yellow
Ink tank capacity - 240 ml each color
25,000 standard pages at 5% coverage

MEDIA

9 ¼" wide x continuous length
TransAct inkjet paper

INTERFACES

USB 2.0 High Speed and Gigabit Ethernet

MECHANICAL

Dimensions
15.5 inches (445 mm) wide
19 inches (480 mm) high 20 inches (505 mm) deep
Weight - 123 pounds (56 Kg)

POWER REQUIREMENTS

100 VAC - 240 VAC, 50-60 Hz
650 watts maximum

OPERATING ENVIRONMENT

5°C to 35°C

WHO WE ARE

TRANSACT Technologies Incorporated (Nasdaq:TACT) is the leader in developing and manufacturing market-specific printers for transaction-based industries. These industries include food service, casino, gaming, lottery, banking, kiosk, POS, oil, gas and medical. Each individual market has distinct, critical requirements for printing and the transaction isn't complete until the receipt and/or ticket is produced. TRANSACT printers are designed from the ground up based on market specific requirements and are sold under the Ithaca®, Printrex and Epic product brands. TRANSACT distributes its products through OEMs, value-added resellers, and selected distributors. TRANSACT has over two million printers installed around the world. TRANSACT has a strong focus on the after-market side of the business, with a high commitment to printer service, supplies, and spare parts. TRANSACT is headquartered in Hamden, CT. For more information on TRANSACT, visit www.TRANSACT-Tech.com or call 203-859-6800.
